## **Introductory Stained Glass Project (Copper Foil Method) \$150.00 (All Inclusive)**

This class is for the beginner who has never dabbled in the art of stained glass!

Class fee includes...

- 12 instructional hours covering scoring, breaking, grinding, foiling and soldering.
- Instructional booklet.
- Choice of project, more than 50 beginner patterns available.  
(Average project size is 9" x 14".)
- Choice of glass from studio stock (choose from more than 400 square feet of glass!)
- All sundry supplies, including foil, flux, and solder.
- Choice of framing material.
- Use of studio tools and equipment.

For those who want to continue after introductory lessons, tool packages are available for purchase.

## **Refresher Courses \$20.00 per hour**

Having trouble with one particular aspect of your glass crafting experience?

Choose from one of these in-depth one hour classes.

### **Scoring techniques**

Practice scoring and breaking methods for straight line, convex and concave curves. Learn how to line up your cutting tool, proper body placement and how to control the cut.

### **Soldering techniques I**

Bring in a properly foiled project and learn the tricks to clean, even solder lines with just the right amount of bead.

### **Soldering techniques II**

Learn decorative soldering techniques to enhance any project!

### **Project Assistance**

Just need help finishing a project? Not sure where to turn or what to do next? Help is here.
